

Nylon Splint

UNBREAKABLE COMFORT

When it comes to splints, durability is non-negotiable. Our Nylon Splints are virtually unbreakable and deliver unmatched reliability with a lightweight, custom fit. Crafted from cutting-edge materials, they resist cracks and fractures for lasting performance without sacrificing comfort.

KEY CHARACTERISTICS

- Designed for medium to heavy bruxers
- Made from durable Nylon Polyamide Type 12
- Effortless, high-precision fit with minimal adjustment
- Fully contactless to protect sensitive or restored teeth
- Excellent control of position, surface, and contact intensity
- Ultra-thin design, with side walls as thin as 0.5 mm
- Virtually unbreakable, even in thin sections
- Exceptional fit using advanced scanning and 3D printing technology
- **Priced at \$260 with a 3-year warranty included.**
